2 Hauptmerkmale von IoT-NDN

- Related Work
- Analysis of IoT and NDN
 - A) Challenges of IoT
 - 1. The connection of IoT devices
 - 2. Technology Standards
 - 3. Mobility
 - 4. Complexity of Integration Issues

B) NDN for IoT

- 1. NDN Packet Lenght
- 2. Caching in IoT/NDN

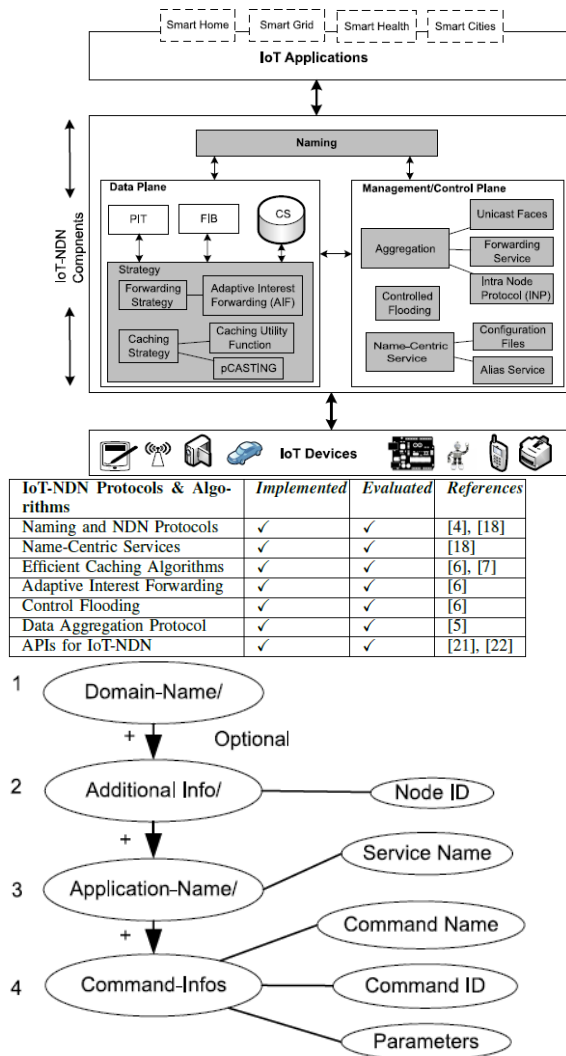

3. Data Aggregation in Wireless Networks:
4. Naming Problems in Wirless Networks
5. Routing Scalability in NDN:

- Architecture of IoT-NDN System
